COLLABORATE® Live 300

Quick-Start Guide
COLLABORATE LIVE 300

COMPONENTS INCLUDED

COLLABORATE Live 300	
	COLLABORATE Live 300 codec with power supply, VESA Mounting Plate, and COLLABORATE Remote Control with USB dongle
	910-2100-004 UNITE 150 PTZ camera, power supply, USB cable Note: The remote control inside the camera box is only for any advanced configuration in the camera, if required. For the camera's control, use the COLLABORATE Codec Appliance's remote control.
	910-3001-200 CHAT 150C with USB cable

CONNECTING PERIPHERALS

Connect the CHAT 150C, UNITE Camera, monitor(s), and network to the COLLABORATE Live 300 codec as shown.

HDMI 1080P or 720P Video/Audio Out (for Primary Monitor)

DC In

USB Port for UNITE Camera

Mini Display Port (for 2nd Monitor)

DC In

Ethernet Connection to Network
USB 3.0 Port for CHAT 150C

CONNECTING REMOTE CONTROL DONGLE

Install batteries in the remote control and plug in the USB dongle into the codec.
Note: To maximize range of the remote, verify that the dongle and the UNITE camera USB are plugged into opposite sides of the codec.

COLLABORATE LIVE 300

Remote control dongle only

7.1 digital L+R audio output jack

SECURITY

A lock support feature allows you to secure your codec.

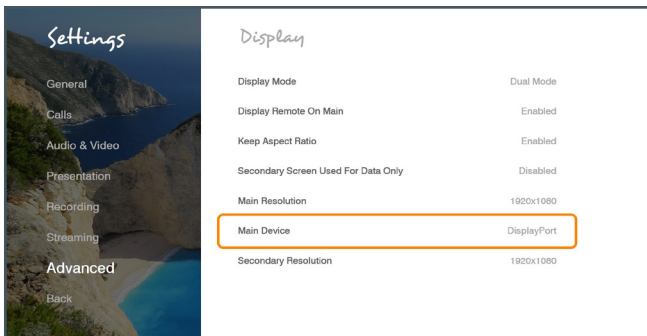

Lock Support

SD Card Slot
(Do Not Use)

CONFIGURING DISPLAY SETTINGS

After all peripherals are connected to the unit, turn the unit on.

Once COLLABORATE Live is loaded, the Setup Wizard appears. The Setup Wizard lets you configure the system name, time, and network, proxy, and COLLABORATE Space settings. After the Setup Wizard is complete, using the remote control, navigate to the display settings:
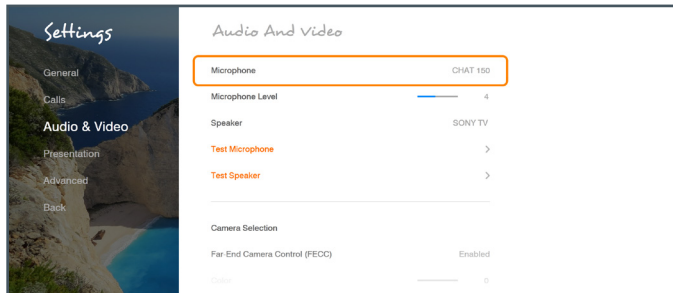

Settings > Advanced > Display

According to your monitor capabilities, set to the maximum supported resolution. If 2 monitors are connected to the unit, the display mode is automatically changed to dual mode and you can set both monitors' resolutions.

CONFIGURING AUDIO SETTINGS

The COLLABORATE Live 300 audio input and output are set to the CHAT 150C.

Verify this in COLLABORATE **Settings > Audio & Video**

CONFIGURING NETWORK SETTINGS

Using your remote control, navigate into the network settings:

Settings > Advanced > Network

The COLLABORATE Live 300 obtains its IP automatically by default from a DHCP server.

Set "Obtain Address From DHCP" to "Disabled" to manually configure network settings.

COLLABORATE LIVE 300
