Cable Cubby 1202

SERIES/2 CABLE ACCESS ENCLOSURE FOR AV CONNECTIVITY AND AC POWER

The Cable Cubby® 1202 is a slim, compact furniture-mountable cable access enclosure for AV connectivity and AC power. The redesigned enclosure is 2" shorter than the previous model, providing increased under table clearance. The Cable Cubby 1202 accommodates one Series/2 AC or AC+USB series power module and includes mounting brackets for cable retraction modules, AV cables, or AAP - Architectural Adapter Plates. The Cable Cubby 1202 features an integrated clamp system that secures the enclosure without additional parts or tools.

▶ Accommodates one Series/2 AC or AC+USB power module, plus three Retractors, eight AV cables, or three AAP – Architectural Adapter Plates

▶ Slim enclosure is 2" (51 mm) shorter than previous model, making it ideal for conference tables, desks, lecterns, and other work areas where space is at a premuim

▶ Patented modular design for fast assembly and serviceability

▶ Retractor Bracket, Cable Pass -Through Bracket, and AAP Bracket included; Retractor modules, cables, and AAP plates sold separately

▶ AC power and AC+USB power modules are available for US, Europe, and other major world markets
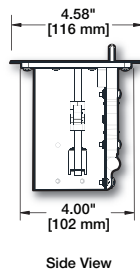

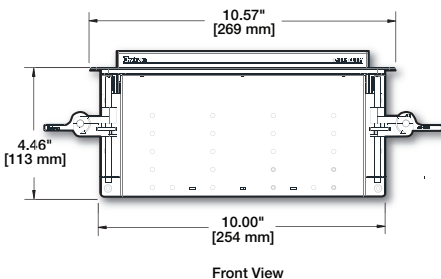

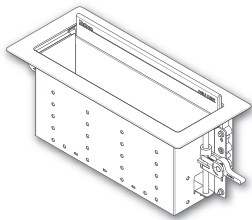

Extron

DESCRIPTION

The **Cable Cubby® 1202** comes equipped with a number of Extron-exclusive, integration friendly features for fast assembly and installation. The integrated clamp system quickly secures the enclosure to the furniture surface without tools. A lid damper ensures smooth, quiet operation. The enclosure's shortened height beneath the table is ideal for semi-permanent folding tables in modular spaces. The Cable Cubby 1202 includes standard connectivity brackets for mounting up to three Retractor modules, three AAPs, or up to eight AV cables.

A patented modular design allows cables and AAPs to be serviced from the top after installation. AC power modules are available for the US, Europe, and other major world markets. To support the growing use of smartphones, tablets, and small laptops in AV presentation environments, optional AC+USB series power modules provide one or two AC power outlets and two USB Type-A power ports. US AC power modules are UL/c UL listed. Optional accessories include a routing template to simplify installation and a CableCover for improved cable management and aesthetics.
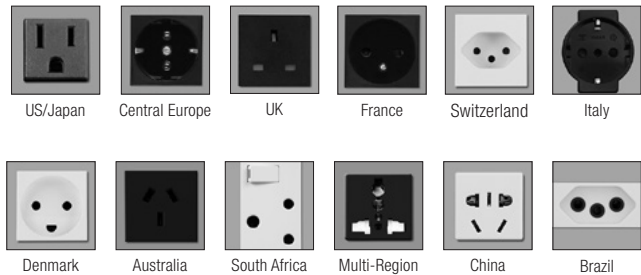

KEY FEATURES

▸ Retractor Brackets hold three Retractor Series/2 or Retractor Series/2 XL cable retraction modules

▸ Connectivity Bracket supports up to three single-space AAPs

▸ Cable Pass -Through Bracket supports up to eight AV cables

▸ Top surface is available in a black anodized or brushed aluminum finish
