## Stereo Headset H150

### Speak clearly

- Stereo sound
- Noise-canceling microphone can be worn on either side
- Adjustable headband
- Rotating microphone
- In-line controls

Logitech® Stereo Headset H150. Speak clearly. Crisp calls with stereo sound make it easy to stay in touch. The noise-canceling microphone reduces annoying background noise—so you can be heard clearly. You can wear the microphone on your left or right. And just rotate it up and out of your way when you're not using it. Personalize your fit with the adjustable headband and foam ear cups. Simple in-line controls make it easy to adjust the volume and mute the microphone. It's easy to set up, too. Just plug your headset into your computer's 3.5 mm input and output jacks and it's ready to go.
