Connect MVC S60-C5-000

NOTE

- When starting up the system for the first time, you need to connect a mouse to complete the initial configuration. We recommend using the wireless mouse and keyboard kit.
- The maximum cable connection distance from MCore Pro to the MTouch Plus/E2 is 40m/131ft and can not be extended further.
- If MCore Pro is deployed on the TV side (away from the conference table), you need to purchase the 15m/30m USB cable mentioned in the above package separately.
- Not included accessories requirements:
 - Display: Resolution of 1080p or higher and with an HDMI port.
 - Ethernet cable: CAT5e or higher ethernet cable.
- USB-C Cable with DisplayPort standard is recommended for MTouch Plus/E2 content share cables, original content share cable in MVC kits can also be purchased separately.

Initial Setup

1. Press the power button on the bottom left of MCore Pro, and the Microsoft Windows 10 IoT Enterprise Edition operating system will be automatically loaded after starting MCore Pro.

NOTE

When starting up the system for the first time, you need to connect a mouse to complete the initial configuration. We recommend using the wireless mouse and keyboard kit. After the system is initialized, you can use MTouch Plus to complete the system login and settings, and the device will automatically start the Microsoft Teams conference system application and enter the setting page.

2. Select the check box on the **EULA** page, and then tap **Next**.
3. Enter the account, the password on the **Account** page, and then tap **Next**. Supports Microsoft Teams Rooms or Skype® for Business accounts.
4. On the **Advanced** page, configure the domain and tap **Next**.
5. Tap **Finish** to complete the setup wizard.

Features**Pair with a RoomSensor**

1. Switch account from Skype to Admin.

2. Open Yealink RoomConnect Software from Desktop.
3. Go to **MTouch Plus > Sensor**.
4. Add sensor. Select the right sensor to pair.

Remove the back cover of RoomSensor, you will see its name on the top. Then select accordingly.

NOTE

- A MTouch Plus can be paired with one RoomSensor at most.
- The distance between MTouch Plus and RoomSensor needs to be within 20m.

Supported Accessories

For the compatible devices and the maximum number of compatible devices, please refer to [Teams Room Accessories Compatibility Lists](#).
